VANÁRNYÉK
NÁLUNK VAN A MEGOLDÁS.

KÜLÖNLEGES IGÉNYEKRE KÉSZÜLT.

Bármilyen az időjárás – a All-Weather jelöléssel ellátott napellenző anyagok vízálló IPC-bevonattal rendelkeznek, így szinte minden időjárási körülményt kibírnak.

Magas minőségű, 100%-ban orsószerű márkacril, amely kiváló műszaki tulajdonságainak köszönhetően UV-álló, és a vizet valamint a szennyeződések kítűnően levezeti.

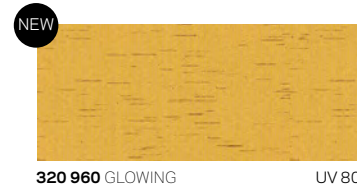

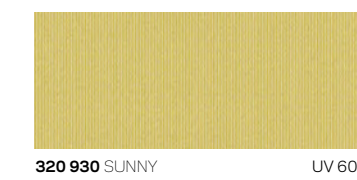

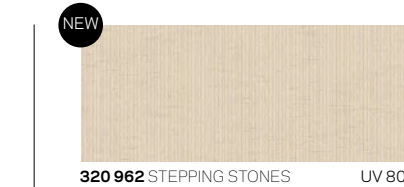

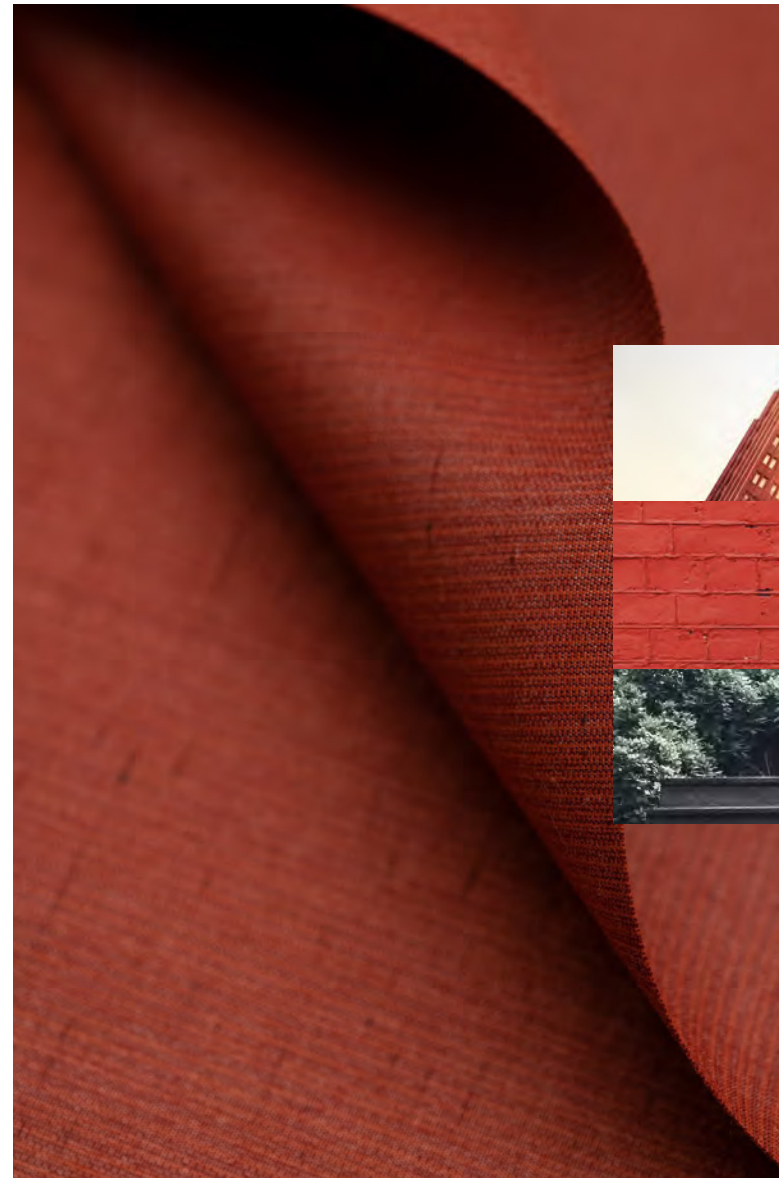

A LUMERA LEAF összes mintája, valamint a LUMERA LANDSCAPE és LUMERA SOLIDS kiválasztott mintái elérhetők LUMERA ALL WEATHER minőségben is.
